Media: All

Fee: \$15

Deadline for Submissions: July 31, 2010

OFF Space, in partnership with 21 Grand Gallery in Oakland, Ca is accepting submissions for their upcoming exhibition *The Other Other*. Work exploring notions of “otherness” in the age of multiculturalism and globalization, where access to differing practices and cultures reside at our fingertips; where we’re concomitantly reinventing and exploring ourselves—what does it mean to be “other”, what is “other” today?

The other as corporate bodies, foreign bodies, borders and barriers

The other as exotic, unclean or uncivilized

The others as those things the dominant culture suppresses

The other as part of ourselves that we cannot acknowledge

The other as a system whose operations cannot be deciphered

The other as those with contradictory beliefs

The other as spectacle
